MOTOR #5 LOOSES A SPECIAL FRIEND

Lane Leavell, driver for Nielsons Skanska, drove the truck that hauled Goose #5 to all Railfests. He had been battling cancer for quite some time and passed away April of 2004. He was very proud of the opportunity to have the responsibility to move Goose #5 for the Society. In recognition of Lane's dedication the Society presented the family of Lane Leavell with a Honory Life Membership Plaque at a special luncheon held at the Nielsons Skanska shop. The award was presented to his wife, Amy Leavell.
